

## **Upper Santa Cruz River Subwatershed Clean Water Plan for five stream reaches listed as impaired for *Escherichia coliform (E. coli)***

### **Public Notice # 18-12**

The Arizona Department of Environmental Quality (ADEQ), in accordance with Section 303(d) of the Clean Water Act, has developed a Clean Water Plan (CWP) that includes Total Maximum Daily Load (TMDL) analysis for 5 reaches in the Upper Santa Cruz River subwatershed near Nogales, Arizona. There are three reaches of the Santa Cruz below Nogales WWTP outfall to Sopori Wash, one reach Nogales Wash from the US/Mexico border to Potrero Creek and one reach of Potrero Creek from Interstate 19 to the Santa Cruz River. The CWP is supplemented with strategies including Best Management Practices and funding sources to mitigate the impaired streams. ADEQ has determined through sample collection and data analysis that the five separate stream reaches are impaired for *Escherichia coli (E. coli)*.

A TMDL defines the total amount of a particular constituent or pollutant which can be introduced into a water body without causing an exceedance of state surface water quality standards. The TMDL process enlists the participation of stakeholder groups and other interested parties to assist in identifying possible sources of pollution, to allocate loads of those pollutants in accordance with the objectives of the analysis, and to identify the most reasonable measures that should be implemented in order for the stream to achieve surface water quality standards.

A public meeting will be held at the Tubac Community Center; 50 Bridge Rd #B4, Tubac, AZ 85646, on October 16, 2018 at 6:00 PM to discuss the draft CWP report and to answer any questions from interested parties.

ADEQ will release a draft version of the CWP for Upper Santa Cruz River watershed on October 15, 2018 and will accept written comments until 5:00 pm (MST) on November 13, 2018.

Written comments should be sent to:

Arizona Department of Environmental Quality  
Attn: Kyle Palmer  
1110 W. Washington Street  
Phoenix, AZ 85007

or electronically mailed to: [adeqwpu@gmail.com](mailto:adeqwpu@gmail.com)

This CWP may be reviewed at the following locations on, or after October 15, 2018:

- ADEQ Records Center (first floor) 1110 W. Washington Street, Phoenix, Arizona 85007

(602) 771-2300 or

- The ADEQ website <http://www.azdeq.gov/node/677>

Responses to written comments received during the public comment period will be addressed and summarized in a public notice in the Arizona Administrative Register during the month of December, 2018.

If you have further questions about the Upper Santa Cruz River CWP and the five impaired reaches, please contact the project manager, Kyle Palmer at 1-800-234-5677, ext. 771-4540 (inside Arizona only) or (602) 771-4540.

ADEQ will take reasonable measures to provide access to department services to individuals with limited ability to speak, write or understand English and/or to those with disabilities. Requests for language interpretation, ASL interpretation, CART captioning services or disability accommodations must be made at least 48 hours in advance by contacting Ian Bingham, Title VI Nondiscrimination Coordinator at 602-771-4322 or [Bingham.Ian@azdeq.gov](mailto:Bingham.Ian@azdeq.gov). Teleprinter services are available by calling 7-1-1 at least 48 hours in advance to make necessary arrangements.

ADEQ tomará las medidas razonables para proveer acceso a los servicios del departamento a personas con capacidad limitada para hablar, escribir o entender inglés y / o para personas con discapacidades. Las solicitudes de servicios de interpretación de idiomas, interpretación ASL, subtítulos de CART, o adaptaciones por discapacidad deben realizarse con al menos 48 horas de anticipación contactando a Ian Bingham, Coordinador de Anti-Discriminación del Título VI al 602-771-4322 o [Bingham.Ian@azdeq.gov](mailto:Bingham.Ian@azdeq.gov). Los servicios de teleimpresores están disponibles llamando al 7-1-1 con al menos 48 horas de anticipación para hacer los arreglos necesarios
